

CPC -Highways Working Group – Update January 2023

Since our meeting with SCC Highways in October, we have kept in touch with Andrew Bramwell, SCC Senior Strategic Transport Planner. We are currently awaiting an update from him and a date for our follow up meeting.

In addition we await an update from:-

Matthew Hicks, who agreed to look into Transport linking with Trading Standards.

Tim Passmore, who agreed to look into the use of an ANPR camera in Coddensham and whether it can identify HGV's.

There have been HGVs seen in the High Street since our last meeting and they have been reported to Lorrywatch.
